When I found out at 17 weeks that Thai would have a cleft, I went online and did research, but it didn't compare to talking to an actual person and a whole network of "friends" who can all go thru it together. Thank you MiCleft!

#### **About Bowl for Smiles**

Bowl for Smiles is a major fundraising event for Michigan Cleft Network—Michigan's first and only craniofacial public charity. The CDC reports orofacial clefts as the most common birth abnormality in the U.S., occurring 1 in every 500 births.

Join us in our efforts to increase public awareness and to continue family support services to Michigan babies/children born with cleft lip and palate and other facial differences.

#### **About Michigan Cleft Network**

MiCleft enriches the lives of babies/children born with cleft lip, cleft palate and other facial differences **right here in Michigan** by providing: information and resources, family connections and events, on-line social network, peer support and home hospital visitations, specialty bottle bank, post-surgical card program, medical/surgical coverage through MDCH/CSHCS sponsorship, public education projects, and more!

a 501(c)(3) tax-exempt public charity (EIN# 80-0151508)
